## About our Program

A-List provides professional development (PD) to schools and educational nonprofits seeking to run their own high-quality test prep course or to deliver curriculum in SAT/ACT relevant ways.

Based upon your school's schedule, curriculum and budget, A-List recommends a highly-customized PD for staff to provide a solid grounding in the nature and content of the SAT and/or ACT.

- ✓ Training sessions provide an overview of all sections, including discussions about format, content, scoring and overall strategies
- ✓ Staff will have the opportunity to work on subject-specific techniques, common mistakes and practice problems
- ✓ Supplemental webinars available throughout the year to refresh content, review teaching strategies, and assess practice test results
- ✓ Incorporate SAT/ACT strategies into existing curriculum and create lesson plans to reflect varying student skill levels
- ✓ Experience long-term cost savings by eliminating the need for third-party SAT/ACT instruction
